CONGRATULATIONS ON 35 YEARS OF PROGRESS!!

THE BEGINNING OF LAFETTE WORK CENTER (“LWC”)

By Bob and Ethel McLuen

“Lafayette Work Center was founded during the years of 1975-76 by several organizations which included parents who were interested in establishing a sheltered workshop for adults with disabilities. At that time this community did not have a workshop. Also there was no Productive Living Board to supply money. After searching for available space, the workshop was opened in September 1976 with 16 workers in a small rented building in Valley Park. In order to rent this building, the Teschner, McLuen and Mertz families guaranteed the \$10,000 lease if LWC could not pay. Because the building had previously housed a rather greasy and dirty operation, we found it necessary to cover the floor with tile. Luckily a member of the Board owned a flooring company and supplied the tile which the parents were able to install. We hired a Director and partitioned the area for his office. I remember when he moved into his office he placed a Bible on the shelf, and I felt certain we were going to be successful. One of our first contracts was to package powdered Clorox. As a result the workers had to remove their shoes when they arrived home so they would not ruin the family floors. In this rented space we managed to have parties and dances for the workers. The parents car-pooled as there was no transportation.

I am certain our success has been due to Directors who know what it takes to be successful in business while showing empathy for adults with disabilities.

A “working” Board of Directors - our first bookkeeper-treasurer was a Board Member. The Board Members solicited work-orders and donations.

Support from Parents, churches and the community all contributed to the growth of our workshop.”

On behalf of the current and past Board of Directors; the Staff, Parents and Guardians; our Supporters; and most important, all the current and past dedicated workers of Lafayette Industries whose lives had been enhanced through the joy of employment—we thank “our Founding Fathers” of LWC and the Founding Fathers of I.T.E, now known as Lafayette Industries North, Inc., for having the vision, compassion, dedication, and perseverance to start this Dream and continue to create Opportunities for folks just wanting a chance to show what they can do.

The Dream continues and as we continue to meet the employment needs of adults with disabilities, **as we have gained approval to start the design for our Expansion at Lafayette Industries North! What a great “Birthday” present!**

TOOTSIE ROLL DRIVE IS COMING!

By Helen Roder

St. Clement Knights of Columbus' Tootsie Roll Drive is October 7, 8 and 9. They need volunteers in Des Peres at Schnucks, Sams or The Daily Bread. Let's show our appreciation for their support the last three years by volunteering for a two hour shift. Call Helen Roder at 314-822-7794.

THANKS TO OUR OTHER VOLUNTEERS AND A CORRECTION: We heard of other people that deserved recognition for their contributions to the big job a few months back. Mike and Polly Rutherford came and lent a helping hand. We thank them for helping us out during a squeeze time. A few months back we listed Chris and John Watson. That should have been Chris and **Jeff** Watson. We apologize for this incorrect information, and again we appreciate their willingness to lend a hand. If you still did not see someone and know they worked, let us know and we will be sure they get recognized in the newsletter.

DANNY AND LIZZIE SIMPSON'S FIRST BABY

"We praise God for the birth of our son, Micah Daniel. Micah was born at 10:39pm and is 7 lbs. and 6 ozs. and 20¾" length! Mom and baby are doing great!" With these words the life of two people changed forever as Danny and Lizzie Simpson became parents for the very first time. The new baby's name was pretty much determined well before

he was born. The only thing in question was his middle name. Micah Daniel was born on Tuesday, August 30th. He was much loved by Lafayette people even before he got here. After nine months of anxiously waiting the big day approached, but Micah decided he wanted to get started a little early. He made his appearance two days earlier than scheduled. Welcome to the world, Micah! We know you will keep your mother and father busy. Lizzie, we miss you but wish the best for you and your family in the future. Thanks for making Lafayette a nicer place to be.

Christina, Sasha & Katie

Laura, Kim, Roy, Katie & Tim at the Jersey Shore

NEW JERSEY SHORE ADVENTURE

By Laura Westerhold (Proud Mother)

From August 12-15, Katie Sears and her parents, Tim and Laura Westerhold went on a fun and exciting trip to New Jersey. We went there because one of her cousins, Christina, was getting married to a really great guy named Sasha. Sasha is from Russia. To Katie he is a real hottie. This trip was pretty cool for her because it was her first time flying. The last time Katie flew was when she was 2 weeks old. Katie thought it was really fun. Katie was given a certificate from the flight attendants, co-pilot and pilot. Katie had also earned her wings. While at the wedding Katie caught the bouquet. This was one of the highlights of the

trip. The other fun highlight from the trip was the day after the wedding her Aunt Kim and Uncle Roy took Katie, her parents and her cousin, Ashley, to the beach. This was the first time that Katie and her mom had ever been or seen the ocean, beach or palm trees. Katie and her mom both said, "It's the most beautiful thing we've ever seen in our lives." Katie and her mom picked up seashells off the beach. And even her mom scooped up some sand to bring home as a souvenir.

NAME OF NEWSLETTER FOLDER TO BE ADDED: Ruth Kallemeier is another one of our most faithful folders. We are glad to have her in our loyal bunch that keeps the news moving every month.

ODDS AND ENDS: **1)** When you are sending in notes for an early pick up or vacation, please make up two copies. One copy comes to the front office and the other one goes to their supervisor. This way everyone who needs one can get a copy. The note doesn't have to be long at all, just when the person will be gone. We appreciate your assistance. **2)** **The second item has to do with signing folks out.** We have put this message out before and people are not doing this again. Please, please, please, folks - it is important that you **come in to the front office and sign out the person / people that you are picking up.** We have had increasing numbers of people leave without signing the person they are picking up out. **This is a big safety issue.** We need to be sure of who is picking the person up, so it's a matter of **personal safety** for them as well as staff or parents or guardians. Second, **in case of a fire** we wouldn't know whether or not that the person is gone and out of the building. This could put our good friends, the firefighters, at risk of having to go back into the building to rescue someone who winds up not being there. This definitely is a long shot, but long shots happen and we don't want to be the ones responsible for putting someone's life at risk because we forgot to do something that is easy, and would take about 30 seconds to do. So we need everyone to step up and be sure that this job gets done.

REQUEST FROM A COUPLE OF PARENTS: A couple of our West parents requested that we put something in the newsletter about people who are picking up employees at the busiest time of day - 3:00 p.m. They are stopping in the *street* and they block other cars from leaving. Not to mention it may block the cars and their drivers from noticing people crossing the street. In addition other cars must then go around the stopped vehicle, putting everyone, both other cars and riders, at risk!! It has really created a *dangerous* situation! Please ask all drivers during this very busy time, to park in any of the various parking lots like everyone else does! **Editorial note:** We must always be courteous and thoughtful of others and not put anyone in danger. Even if parking in the street is convenient for staff people picking up their clients, for the rest of the employees it creates a very unsafe environment. So please, take a minute to park your car and come and get the person you are picking up. Do not park in the street!! Everyone is in the same boat, folks, so please make it safer for everyone, including yourself.
